

Curriculum Vitae

Name: Sousan Kolahi

Gender: female

Nationality: Iranian

Marital Status: Married

Children: 1

Date of Birth: January 3, 1970

Place of Birth: Marand, Iran

Languages: Farsi, Turkish, English, and some Arabic

Address: Department Of Internal Medicine, Emam Resa Educational Hospital

Glugashat Avenue, Tabriz, IRAN

Telephone: +98 411 337 1217

FAX: +98 411 337 1217

MOBIL: +98 914 310 4072

Email: susan.kolahi@gmail.com

Work History:

1- Teaching of Theoretical and Practical Internal Medicine for under - and postgraduate medics and paramedics.

2-Working as Rheumatologist in Subspecialty Clinics of University

3- Chief of Rheumatology wards, Sina Medical Center, Imam Reza hospital

Teaching Experience:

1-Teaching in rheumatology physiopathology course for medical students in Tabriz University of Medical Sciences.

2. Teaching for students of physiotherapy in Tabriz University of Medical Sciences.

3. Teaching internal medicine course in Tabriz dental medicine university.

4. Training in clinical rheumatology of internal medicine resident in Tabriz University of Medical Sciences.

Laboratory Experience:

I work in Densitometry center in division of rheumatology

Academic Positions:

1. Assistant Professor of Internal Medicine, Tabriz University of Medical Sciences, 2000

2. Associated Professor of Internal Medicine, Tabriz University of Medical Sciences, 2010

3. Professor of Internal Medicine, Tabriz University of Medical Sciences, 2014

Education

Educational Training:

1. **Rheumatology Fellowship:** McGill University, Montreal, Canada.2005-6

2. **Rheumatology Subspecialty:** Shahid Behashti university of Medical Sciences Tehran, Iran 2001-

3. Residency: Tabriz University of Medical Sciences (1995-1998)

4. MD: Tabriz University of Medical Sciences

Professional Memberships:

Member of Iranian Association of Rheumatology

Professional

Certifications

Computer Skills:

Awards:

Qualifications

Accreditations:

and

My thesis: 1. *Neutrophils myeloperoxidase index in megaloblastic anemia study of 60 patients*

2. Prevalence of diabetic dermopathy: study of 454 patients

Publications:

Books:

Translation to Persian:

- a. Craig Frances, et al. Saint-Francis Guide to Outpatient Medicine (first ed.). Philadelphia: Lippincott Williams & Wilkins, 2000
- b. Joyce Y. Johnson, Handbook for Brunner & Suddarth's Textbook of Medical –Surgical Nursing (19th Ed.). Philadelphia: Lippincott, 2000
- c. Andreoli- Carpenter- Griggs- Losscalzo, Cecil Essentials of Medicine, 2004

Courses & workshops: Research workshop, EBM workshop

Research Projects:

1. The comparison of dietary intake of effective foods on clinical outcomes of Rheumatoid arthritis: A case – control study
2. The effect of Combined Antioxidant supplement on Clinical Outcomes, Blood Antioxidant Indices, Lipid Peroxidation and Lipid Profile in Rheumatoid Arthritis patients

3. The status of serum vitamin D in patients with Recurrent Aphthous compared with controls
4. Relationship between serum level of OPG/RANKL and disease activity and BMD in women with RA
5. Molecular analysis of genes (MEFV and CYP2D6) in patients with Ankylosing Spondylitis (AS) referred to specialized centers.
6. A survey on Nutritional status of Postmenopausal Women and its Association with Serum Indicators of Osteoporosis and Bone Density
7. The evaluation of concurrent supplementation with vitamin E and omega-3 fatty acids on plasma lipid peroxidation and antioxidant levels in patients with rheumatoid arthritis
8. Quality of life in rheumatoid arthritis, osteoarthritis and fibromyalgia and its comparison with quality of life in normal women
9. Effect of omega3 intake on anti-oxidant enzymes and lipid peroxidation in Rheumatoid Arthritis
10. Evaluation of serum Hepcidin levels and its relation to Acute-Phase Protein and disease activity in patients with Rheumatoid arthritis
11. Effect of Fish Oil Supplements on Serum Paraoxonase Activity in Female Patients with Rheumatoid Arthritis: A Double-blind Randomized Controlled Trial
12. Effect of Omega3 Fatty Acids Supplement on Serum Osteoprotegerin/ sRANKL Ratio in Patients with Rheumatoid Arthritis
14. Effect of Aerobic and Strengthening exercises on Balance, muscle strength and bone density in postmenopausal women with primary osteopenia and osteoporosis
15. Investigation of interest, knowledge and practicality of EBM in Tabriz University of Medical Sciences medical staff
16. Comparison of vitamin D level in patients with Behcet's disease and recurrent oral aphthous ulcer and healthy people and its relation to Behcet's disease activity.

17. Comparing of Effect of Oral Prednisolone and Intra-Articular Triamciolone in Treatment of Inflammatory Knee Osteoarthritis
18. Formulation, quality control and clinical evaluation of body mud from Urmia lake minerals and peloids in osteoarthritis.
19. Relation between breast cancer and bone mineral density
20. Practice of deep vein thrombosis prophylaxis in teaching hospitals of Tabriz
21. The effect of combining supplementation with selenium, zinc, vitamin A, C and E on blood antioxidants status, lipid peroxidation, lipid profile and clinical signs in patients with rheumatoid arthritis
22. Effect of vitamin K supplementation on some biochemical markers and clinical status in women with rheumatoid arthritis
23. Study of MEFV gene mutations in behcet disease in North West of Iran
24. Health assessment in North West of Tabriz
25. Association of dietary intake of food groups with disease activity of rheumatoid arthritis: case-control study
26. Effects of oral alpha-lipoic acid supplement on some blood biochemical parameters and disease activity in women with rheumatoid arthritis.
27. Effectiveness of Self Care Education on Disease Outcomes in Patients with Osteoarthritis: A Randomized Controlled Trial study

Supervision of Thesis:

1. Study on Clinical Manifestations and Laboratory Findings of Patients with Systematic Lupus Erythematosus

2. Study of Neurologic Complications in Outpatients Cases with Behcet Syndrome Diagnosis in Tabriz Sina hospital
3. Comparing of Effect of Oral Prednisolone and Intra-Articular Triamciolone in Treatment of Inflammatory Osteoarthritis of Knee
4. Study on mental health in rheumatoid arthritis
5. Study on Diagnostic Value of Anti Cyclic Citrullinated Peptide (Anti C.C.P) in Rheumatoid Arthritis Patients
6. A survey on Nutritional status of Postmenopausal Women and its Association with Serum Indicators of Osteoporosis and Bone Density
7. Efficacy and Safety of Topical Gel Prepared from MUD of Urmia Lake in Treatment of Knee Osteoarthritis
8. Vitamin D levels in patients with Behcet's disease
9. Study on Mental Health in Fibromyalgia Patients
10. The evaluation of concurrent supplementation with vitamin E and omega-3 fatty acids on plasma lipid peroxidation and antioxidant levels in patients with rheumatoid arthritis
11. Quality of life in rheumatoid arthritis, osteoarthritis and fibromyalgia and its comparison with quality of life in normal women.
12. Study on duration time between onset and diagnosis spondylitis ankylosant and severity of radiographic and clinical manifestation at the time of diagnosis
13. Effect of Omega3 Fatty Acids Supplement on Serum Osteoprotegerin/ sRANKL Ratio in Patients with Rheumatoid Arthritis
14. Effect of omega3 intake on anti-oxidant enzymes and lipid peroxidation in Rheumatoid Arthritis
15. Effect of Omega3 Fatty Acids Supplement on Serum Paraoxonase Activity in Patients with Rheumatoid Arthritis

16. Evaluation of serum Heparin levels and its relation with lipid peroxidation in Rheumatoid arthritis
17. Comparison of vitamin D level in patients with Behcet's disease and recurrent oral aphthous ulcer and healthy people and its relation to Behcet's disease activity.
18. The effect of Combined Antioxidant supplement on Clinical Outcomes, Blood Antioxidant Indices, Lipid Peroxidation and Lipid Profile in Rheumatoid Arthritis patients
19. Molecular analysis of genes (MEFV and CYP2D6) in patients with Ankylosing Spondylitis (AS) referred to specialized centers.
20. Comparison of Acupuncture and Fluoxetine in Improving of Fibromyalgia Symptoms.
21. Effect of Aerobic and Strengthening exercises on Balance, muscle strength and bone density in postmenopausal women with primary osteopenia and osteoporosis.
22. Diagnostic value of immune blotting assay for determination of anti-nuclear antibody (ANA) in rheumatic diseases.
23. Relationship between serum level of OPG/Rankle and disease activity and BMD in women with RA
24. The Effect of Concurrent Supplementation with Vitamin E and Omega-3 Fatty Acids on Clinical Aspects, Plasma Lipid Peroxidation and Antioxidant Levels in Patients with Rheumatoid Arthritis
25. Effects of oral alpha-lipoic acid supplement on some blood biochemical parameters and disease activity in women with rheumatoid arthritis
26. Investigation of interest, knowledge and practicality of EBM in Tabriz University of Medical Sciences medical staff
27. Association of dietary intake of food groups with disease activity of rheumatoid arthritis: case-control study
28. Formulation, quality control and clinical evaluation of body mud from Urmia lake minerals and peloids in osteoarthritis.

29. Effect of vitamin K supplementation on some biochemical markers and clinical status in women with rheumatoid arthritis

30. A multicenter study of clinical and laboratory findings of palindromic rheumatism in Iran

31. Effectiveness of Self Care Education on Disease Outcomes in Patients with Osteoarthritis: A Randomized Controlled Trial study

32. The effects of vitamin K supplementation on some biochemical markers and clinical status in women with rheumatoid arthritis

33. Diagnostic value of Immunoblotting assay for determination of anti nuclear antibody (ANA) in rheumatic diseases

34. Effectiveness of Self Care Education on Disease Outcome in Patients with Osteoarthritis : A Randomized Controlled Trial study

35. Effect of Alendronate on bone mass and activity of disease in Ankylosing Spondylitis

36. Effect of oral alpha -lipoic acid supplement on some blood biochemical parameters and clinical signs in women with rheumatoid arthritis

Interests: Rheumatoid Arthritis, Osteoarthritis, Behcet's Disease
